## Electricity plan

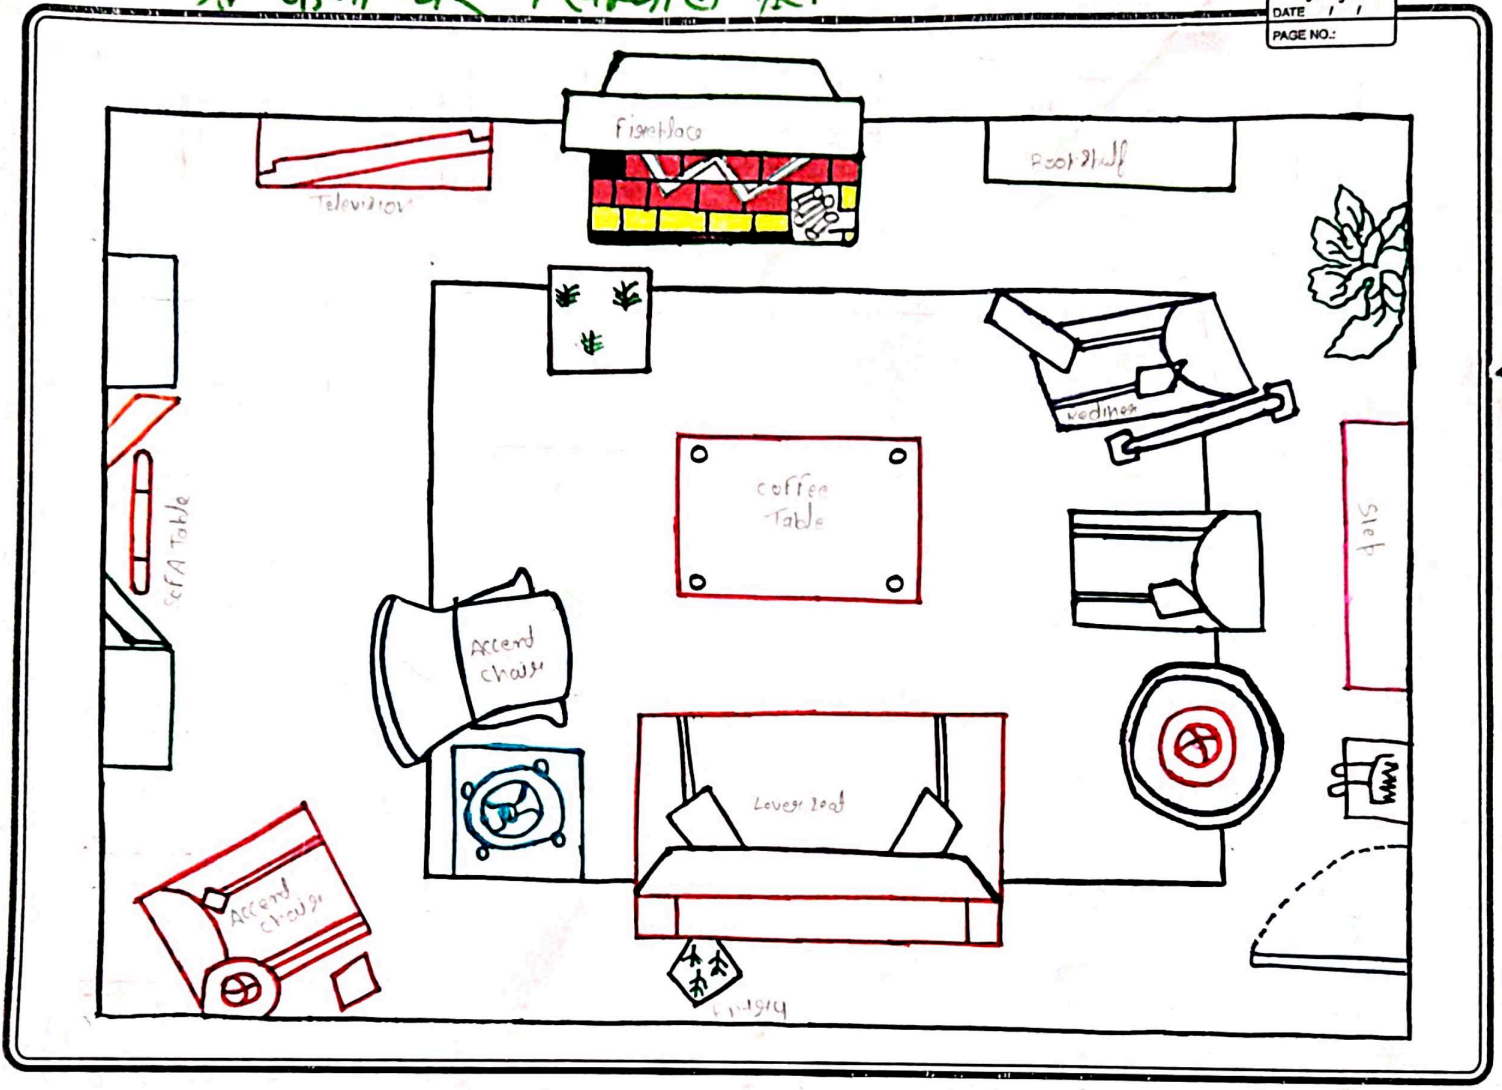

- 1 Electricity is a form of energy that powers many things around us.
- 2 we use electricity to <sup>ignite</sup> homes with bulbs and lamps.
- 3 when you switch on a fan or a TV, you are using electricity.
- 4 Batteries in toys and gadgets also provide a kind of electricity.
- 5 wires carry electricity from power plants to our houses.
- 6 A switch helps to turn electricity on or off in devices.
- 7 Chargers use electricity to fill up the power in phones and tablets.
- 8 Lighting in the sky is a natural form of electricity during a storm.
- 9 electric currents flow through wires to make machines work.
- 10 power outlets in the walls let us plug in devices to get electricity.
- 11 computers and refrigerators need electricity to function.

## Mandana

It is a folk painting of Madhya Pradesh. It does not require many colours to make it.

This art is made by 'Maana', one of the tribal communities of Madhya Pradesh. This art is made on the walls and floors of houses and is usually made by women.

❀ रंगोली ❀

## Rangoli

Rangoli is an art in which patterns are created on the floor or the ground using materials such as coloured sand, coloured slits or flower petals. It is specially made during special occasions such as Diwali, Navam, Pongal and other Hindu festivals in India Subcontinent.

Designs or rangoli are passed from one generation to the next generation. The objective of rangoli is to decoration our surrounding and it is considered to bring good luck.

The types of design may also vary as they reflect traditional folklore and practices that are unique to each area. It is generally done by girl or women sometime boys also take part / made it.

Rangoli, which means rows of colours, is drawn on the entrance and filled with colours during diwali. It is drawn to welcome guests and different gods and goddesses and to bring joy into homes.

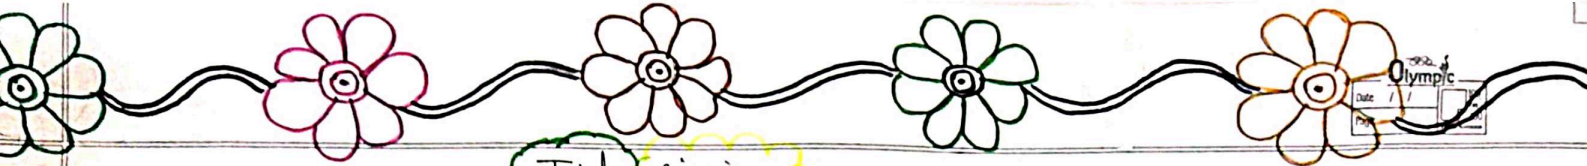

Lakshmi was the wife of a sage called Augustya. She is the goddess of wealth and good luck.
